fortification. Sheridan came up some time after the forming of the troops had begun, and he saw the formation as it was going on. He was anxious to have the troops hurry up, as he was afraid the cavairy would get out of ammunition. I told Sheridan that it would take till 4 o'clock for all the troops to arrive and get into line; I sent officers back to hurry them up, and I think they made all the baste they could. I did not go back; it was my place to remain at the place of formation. The enemy might make a demonstration to see what we were doing, and if they did I thought it my duty to be on hand and ready for any such emergency. I know of nothing fortification. Sheridan came up some time It does not turn to escape from man, as the what I can get when I get in town to-morfor any such emergency. I know of nothing tain death, and, on the bare hope of hand or that I could have done to hasten the forma-tion. I cannot imagine what grounds Gen-throws its body into a figure-of-eight coil, eral Sheridan could have had for saying and, attracting attention by rubbing its days. We have had that season the latter that I seemed to want the sun to go down before the troops formed.

days. We have had that season the latter days, and it has embraced every tobaccomposition of the scales (bence the epithet carinata), makes the scales (bence the epithet carinata), makes the scales (bence the epithet carinata), makes the scales (bence the epithet carinata). before the troops formed.

troops were being formed according to his wishes, otherwise he should have changed it; I was entirely ignorant of the character of the country before me; the only chart I thus aroused, its eagerly aggressive air, its of the country before me; the only chart I had was a one-inch map; the advance was made, the enemy opened fire, and as soon as I saw that Ayres would strike the angle and was getting the heaviest fusilade I ordered the other divisions to change their line and wheel mere to the left; I sent messengers away until I had no officers left; Sheridan came and seemed much pleased; he said we were flanking them gloriously, but when the troops which I gloriously, but when the troops which I had summoned did not appear, he was disappointed, and wondered why they did not come into action; I told bim I thought pression of its own incontrollable and summoned its pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and summoned that it is not pression of its own incontrollable and its interest that it is not pression of its own incontrollable and its interest that it is not pression of its own incontrollable and its interest that it is not pression of its own incontrollable and its interest that it is not pression of its own incontrollable and its interest that it is not pression of its own incontrollable and its interest that it is not pression of its own incontrollable and its interest that it is not pression of its own incontrollable and its interest that it is not pression of its own incontrollable and its come into action; I told him I thought pression of its own incontrollable vicious-they would come back soon, for they were ness, too good soldiers to go far away from the
